INDEPENDENT ACCOUNTANT'S REVIEW REPORT

Board of Directors
CURE Childhood Cancer Association, Inc.

We have reviewed the accompanying financial statements of CURE Childhood Cancer Association, Inc., which comprise the statement of financial position as of June 30, 2022, and the related statements of activities and changes in net assets, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements. A review includes primarily applying analytical procedures to management's financial data and making inquiries of company management. A review is substantially less in scope than an audit, the objective of which is the expression of an opinion regarding the financial statements as a whole. Accordingly, we do not express such an opinion.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Accountant's Responsibility

Our responsibility is to conduct the review engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. Those standards require us to perform procedures to obtain limited assurance as a basis for reporting whether we are aware of any material modifications that should be made to the combined financial statements for them to be in accordance with accounting principles generally accepted in the United States of America. We believe that the results of our procedures provide a reasonable basis for our conclusion.

We are required to be independent of CURE Childhood Cancer Association, Inc. and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements related to our review.

Accountant's Conclusion

Based on our review, we are not aware of any material modifications that should be made to the accompanying financial statements in order for them to be in accordance with accounting principles generally accepted in the United States of America.

Summarized Comparative Information

We previously reviewed CURE Childhood Cancer Association, Inc.'s June 30, 2021 financial statements and in our report dated November 19, 2021, stated that based on our procedures, we are not aware of any material modifications that should be made to the June 30, 2021 financial statements in order for them to be in accordance with accounting principles generally accepted in the United States of America. We are not aware of any material modifications that should be made to the summarized comparative information presented herein as of and for the year ended June 30, 2021 for it to be consistent with the reviewed financial statements from which it has been derived.

NOTES TO FINANCIAL STATEMENTS
(See Independent Accountant's Review Report)

JUNE 30, 2022
(With Comparative Totals for June 30, 2021)

NOTE A: ASSOCIATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Association

CURE Childhood Cancer Association, Inc. ("CURE" or the "Association") was chartered in 1977 as a non-affiliated, not-for-profit organization. Its purpose is to provide: a structure for parental involvement, discussion and support; public education regarding childhood cancer; funds to major pediatric research centers in Western New York for the development of childhood cancer research and financial assistance to families in need.

Financial statement presentation

The Association presents its financial position and activities according to two classes of net assets: net assets without donor restrictions and net assets with donor restrictions.

Net assets without donor restrictions

Represents all resources over which the Governing Board has discretionary control to use in carrying on the Association's operations in accordance with the guidelines established for the Association. The Board may designate portions of the current net assets without donor restrictions for specific purposes, projects or investment. As of June 30, 2022 and 2021, the Board has designated \$1,079,095 and \$887,547, respectively, as a Board Designated endowment.

Net assets with donor restrictions

Net assets subject to donor restrictions. Some donor-imposed restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity. Donor imposed restrictions are released when a restriction expires, that is, when the stipulated time has elapsed, when the stipulated purpose for which the resource was restricted has been fulfilled or both. At both June 30, 2022 and 2021, the Association had \$25,268, in net assets with donor restrictions to be maintained in perpetuity.

Contributions and grants

The majority of the revenues recognized by the Association are from unconditional contributions and grants. These amounts are recognized when the donor makes an unconditional promise to give to the Association. Amounts that are restricted by the donor are reported as increases in net assets without donor restrictions if the restrictions expire in the fiscal year in which the contributions are recognized. All other donor-restricted contributions are reported as increases in net assets with donor restrictions. When a restriction expires, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statement of activities and changes in net assets as net assets released from restriction. The Association generally records revenue at a point in time.

CURE CHILDHOOD CANCER ASSOCIATION, INC.

NOTES TO FINANCIAL STATEMENTS, Cont'd
(See Independent Accountant's Review Report)

JUNE 30, 2022
(With Comparative Totals for June 30, 2021)

NOTE A: ASSOCIATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Cont'd

Special events

The Association conducts special events in which a portion of the gross proceeds paid by the participant represents payment for the direct cost of the benefits received by the participant at the event—the exchange component, and a portion represents a contribution to the Association. Unless a verifiable objective means exists to demonstrate otherwise, the fair value of meals and entertainment provided at special events is measured at the actual cost to the Association. The contribution component is the excess of the gross proceeds over the fair value of the direct donor benefit. The direct costs of the special events, which ultimately benefit the donor rather than the Association, are recorded as fundraising expense. The performance obligation is delivery of the event and the event fee is set by the Association. Special event fees collected by the Association in advance of its delivery are initially recognized as deferred revenue and recognized as fundraising events revenue after delivery of the event. For fundraising event fees received before year-end for an event to occur after year-end, the Association follows AICPA guidance where the inherent contribution is conditioned on the event taking place and is therefore treated as a refundable advance along with the exchange component. At June 30, 2022, 2021 and 2020, there were \$45,750, \$47,690 and \$30,245 in amounts collected in advance for fundraising events included in deferred revenue, respectively.

Cash

Cash balances are maintained at financial institutions located in Upstate New York and are insured by the FDIC up to \$250,000 at each institution. In the normal course of business, the cash account balances at any given time may exceed insured limits. However, the Association has not experienced any losses in such accounts and does not believe it is exposed to significant risk in cash.

Investments

Investments are reported at fair value. Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. See Note F for discussion of fair value measurements.

Fixed assets

Fixed assets are stated at cost or estimated fair value at the date of donation and are depreciated on a straight-line basis over the assets estimated useful lives, generally three to twenty years for furniture and equipment and 39 years for the building.

Repairs and maintenance are charged to expense as incurred while renewals and betterments, which significantly extend the useful lives of existing equipment, are capitalized. Gains or losses on disposition of fixed assets are reflected in the Association's statement of activities and changes in net assets as realized.

Contributed services

The Association receives donated services from volunteers within the community. These services are not valued in the financial statements unless they require specialized skills and typically would be purchased if they were not contributed. During the years ended June 30, 2022 and 2021, no donated services were recognized.

CURE CHILDHOOD CANCER ASSOCIATION, INC.

NOTES TO FINANCIAL STATEMENTS, Cont'd
(See Independent Accountant's Review Report)

JUNE 30, 2022
(With Comparative Totals for June 30, 2021)

NOTE A: ASSOCIATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Cont'd

Income taxes

CURE is a not-for-profit organization exempt from Federal taxation under Section 501(c)(3) of the Internal Revenue Code. The Association is also exempt for state income tax purposes. The Association files tax returns in the U.S. federal jurisdiction and in New York State.

The Association has filed for and received income tax exemptions in the various jurisdictions where they are required to do so. The Association files form 990 tax returns in the U.S. federal jurisdiction and in New York State. With few exceptions, as of June 30, 2022, the Association is no longer subject to U.S. federal or state income tax examinations by tax authorities for years ended prior to June 30, 2019. The tax returns for years ended June 30, 2019 through June 30, 2022 are still subject to potential audit by the IRS and taxing authorities in New York State. Management of the Association believes they have no material uncertain tax positions and, accordingly, they have not recognized any liability for unrecognized tax benefits.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at June 30, 2022 and 2021 and the reported amounts of support, revenue and expenses for the years then ended. Actual results could differ from those estimates.

Functional expense allocations

The financial statements report certain categories of expenses that are attributed to more than one program or supporting function. Therefore, expenses require allocation on a reasonable basis that is consistently applied. All expenses that are allocated to more than one program or supporting function are allocated on the basis of estimates of time and effort, except for occupancy and insurance which are allocated based on square footage.

Contributions – nonfinancial assets

Gifts and donations other than cash are recorded at fair market value at the date of contribution. In-kind contributions of approximately \$65,400 and \$50,100 were received for the years ended June 30, 2022 and 2021, respectively, and are included in the applicable expenses in the accompanying statement of functional expenses. See Note B for greater detail.

Comparatives for year ended June 30, 2021

The financial statements include certain prior year summarized comparative information in total but not by net asset class or functional classification. Such information does not include sufficient detail to constitute a presentation in conformity with U.S. GAAP. Accordingly, such information should be read in conjunction with the Association's financial statements for the year ended June 30, 2021, from which the summarized information was derived.

CURE CHILDHOOD CANCER ASSOCIATION, INC.

NOTES TO FINANCIAL STATEMENTS, Cont'd
(See Independent Accountant's Review Report)

JUNE 30, 2022
(With Comparative Totals for June 30, 2021)

NOTE A: ASSOCIATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Cont'd

Adoption of new accounting standard - gifts-in-kind

In September 2020, the FASB issued a new accounting update to improve transparency in the reporting of contributed nonfinancial assets, also known as gifts-in-kind. The update requires not-for-profit entities to present contributed nonfinancial assets separately on the statement of activities, apart from contributions of cash and other financial assets. In addition, the update requires not-for-profit entities to disclose in the notes to the financial statements a breakout of the different types of gifts-in-kind recognized, any donor restrictions associated with the gift, the valuation technique(s) used to arrive at the fair value measure, whether or not the gift-in-kind was monetized, and any policies on monetization. The update is effective for fiscal years beginning after June 15, 2021 and will be applied on a retrospective basis. The Association adopted this standard during the year ended June 30, 2022.

New accounting pronouncement – leases

In February 2016, the FASB issued a new standard related to leases to increase transparency and comparability among entities by requiring the recognition of right-of-use (“ROU”) assets and lease liabilities on the statement of financial position. Most prominent among the changes in the standard is the recognition of ROU assets and lease liabilities by lessees for those leases classified as operating leases under current U.S. GAAP. For nonpublic entities, the FASB voted on May 20, 2020, to extend the guidance in this new standard to be effective for fiscal years beginning after December 15, 2021, and interim periods within fiscal years beginning after December 15, 2022. The Association is currently evaluating the provisions of this standard to determine the impact the new standard will have on the Association's financial position or results of operations.

Reclassifications

Certain prior year amounts have been reclassified to conform with current year presentation.

Subsequent events

The Association has conducted an evaluation of potential subsequent events occurring after the statement of financial position date through November 18, 2022, which is the date the financial statements are available to be issued. No subsequent events requiring disclosure were noted.

Less:		
Amounts unavailable to management without the Board's approval:		
Board designated for endowment	(1,079,095)	(887,547)
Total financial assets available to management for general expenditures within one year	\$ 397,988	\$ 418,174

As part of the Association's liquidity management plan, the Association has a policy to structure its financial assets to be available as its general expenditures, liabilities and other obligations come due. The Association also invests cash in excess of daily requirements in money market funds. In addition to the financial assets available at June 30, 2022 to meet general expenditures during the year ending June 30, 2023, the Association anticipates fundraising efforts in fiscal 2023 will be sufficient to meet general expenditures and obligations.

In the event of an unanticipated liquidity need, the Association has a \$40,000 line of credit which could be drawn upon. The amounts designated by the Board could also be drawn upon through a board resolution, if needed.

(With Comparative Totals for June 30, 2021)

NOTE D: NET ASSETS

Net assets without donor restrictions are as follows:

	June 30,	
	2022	2021
Undesignated	\$ 332,229	\$ 324,684
Board designated endowment	1,079,095	887,547
Invested in fixed assets	102,253	110,607
	<u>\$ 1,513,577</u>	<u>\$ 1,322,838</u>

Net assets with donor restrictions are as follows:

	June 30,	
	2022	2021
Subject to perpetual restrictions, income restricted to:		
Assist with serving bereaved CURE families	\$ 25,268	\$ 25,268
Subject to expenditure for a specified purpose:		
PADDance Phillip's Palliative Care Program	-	5,915
Angel Fund	2,424	301
Agnes K. Mackey Program	1,400	-
Roc City Sicklers	876	1,176
Crane Family Foundation	3,363	3,363
Bereavement Funds	2,971	9,541
Scholarship Fund	6,531	-
Postage for Bereavement Cards	200	-
Assist with serving bereaved C.U.R.E families - Rockford family	3,062	5,743
	<u>20,827</u>	<u>26,039</u>
Subject to the passage of time:		
United Way contributions receivable		
for the next fiscal year	25,919	36,997
	<u>\$ 72,014</u>	<u>\$ 88,304</u>

JUNE 30, 2022
(With Comparative Totals for June 30, 2021)

NOTE E: INVESTMENTS

Investments consist of the following:

	June 30, 2022		
	Market	Cost	Unrealized gain (loss)
Money market funds	\$ 131,786	\$ 131,786	\$ -
Exchange traded funds	542,859	534,862	7,997
Mutual funds	286,849	286,224	625
U.S. Government obligations	246,793	247,261	(468)
	<u>\$ 1,208,287</u>	<u>\$ 1,200,133</u>	<u>\$ 8,154</u>

	June 30, 2021		
	Market	Cost	Unrealized gain
Money market funds	\$ 105,338	\$ 105,338	\$ -
Exchange traded funds	518,594	454,176	64,418
Mutual funds	395,490	343,632	51,858
	<u>\$ 1,019,422</u>	<u>\$ 903,146</u>	<u>\$ 116,276</u>

Realized and unrealized gains and losses are reflected in the statement of activities and changes in net assets. Investments are exposed to various risks, such as interest rate, market and credit risk. Due to the risks associated with investments, it is at least reasonably possible that changes in risks could materially affect the Association.

NOTE F: FAIR VALUE MEASUREMENTS

U.S. GAAP establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1 Valuation is based upon quoted prices for identical instruments traded in active markets.

Level 2 Valuation is based upon:

- Quoted prices for similar instruments in active markets;
- Quoted prices for identical or similar instruments in inactive markets;
- Inputs other than quoted prices that are observable for the instruments;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at June 30, 2022 and 2021.

Money market accounts: Fair value equals costs.

Exchange traded funds and mutual funds: Valued at the closing price reported on the active market on which the individual funds are traded.

U.S. Government obligations: Valued by third-party brokers based on terms and conditions using trades, bid price or spread, two sided markets, quotes, benchmark curves, discount rates, TRACE trade reports, financial statements and trustee reports.

(With Comparative Totals for June 30, 2021)

NOTE F: FAIR VALUE MEASUREMENTS, Cont'd

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Association believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table presents by level, within the fair value hierarchy, the Association's assets as of June 30, 2022:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

JUNE 30, 2022
(With Comparative Totals for June 30, 2021)

NOTE H: PAYCHECK PROTECTION PROGRAM AND FINANCIAL IMPACT OF COVID-19

On January 30, 2020, the World Health Organization ("WHO") announced a global health emergency because of a new strain of coronavirus (the "COVID-19 outbreak") and the risks to the international community as the virus spreads globally beyond its point of origin. In March 2020, the WHO classified the COVID-19 outbreak as a pandemic, based on the rapid increase in global exposure. As a result of the COVID-19 outbreak, the Association qualified for the Paycheck Protection Program and Employee Retention Credit further described below.

Paycheck Protection Program

In response to the COVID-19 outbreak, in April 2020, the Association applied for and was approved by a bank for a loan of \$38,800 through the Paycheck Protection Program established by the Small Business Administration. The loan had a maturity of 2 years, an interest rate of 1% and the potential for forgiveness provided certain requirements were met by the Association. The loan was funded on April 13, 2020. The Association met the requirements for forgiveness and the Small Business Administration approved the forgiveness of the entire loan as of January 6, 2021.

Employee Retention Credit

On March 27, 2020, the Coronavirus Aid, Relief, and Economic Security (CARES) Act was enacted in response to the COVID-19 outbreak. Under the CARES Act, the Employee Retention Credit, a refundable, wage related tax credit, was made available to eligible employers who had a full or partial suspension of operations or reduction in gross receipts as defined by the Act. In December 2020, the parameters of the Employee Retention Credit were amended and extended when the Taxpayer Certainty and Disaster Tax Relief Act of 2020 was enacted. The Association qualified for this credit and accordingly, recognized a benefit of \$53,519 for the year ended June 30, 2022.

NOTE I: RETIREMENT PLAN

The Association has a SIMPLE IRA plan for eligible employees. The Plan provides for the Association to make matching contributions up to 3% of eligible compensation. Employer matching contributions to the plans described above amounted to \$3,682 and \$2,856 for the years ended June 30, 2022 and 2021, respectively.

NOTE J: ENDOWMENTS

The Association's endowment consists of two individual funds. Its total endowment includes both donor-restricted endowment funds and funds designated by the Board of Directors to function as an endowment. As required by U.S. GAAP, net assets associated with endowment funds, including funds designated by the Board of Directors to function as an endowment, are classified and reported based on the existence or absence of donor-imposed restrictions.

JUNE 30, 2022

(With Comparative Totals for June 30, 2021)

NOTE J: ENDOWMENTS, Cont'd

Interpretation of relevant law

The Board of Directors of the Association has interpreted New York Prudent Management of Institutional Funds Act (NYPMIFA) as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation, the Association classifies as perpetually restricted net assets (a) the original value of gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the perpetual endowment, and (c) accumulations to the perpetual endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund. The remaining portion of the donor-restricted endowment fund that is not classified in perpetually restricted net assets is classified as purpose restricted net assets until those amounts are appropriated for expenditure by the Association in a manner consistent with the standard of prudence prescribed by NYPMIFA. In accordance with NYPMIFA, the Association considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds:

- (1) The duration and preservation of the fund
- (2) The purposes of the Association and the donor-restricted endowment fund
- (3) General economic conditions
- (4) The possible effect of inflation and deflation
- (5) The expected total return from income and the appreciation of investments
- (6) Other resources of the Association
- (7) Where appropriate and circumstances would otherwise warrant, alternatives to expenditure of the endowment fund, giving due consideration to the effect that such alternatives may have on the Association; and
- (8) The investment policies of the Association

In accordance with NYPMIFA the Association may determine, after consideration of the eight objectives described above, it would be prudent to appropriate funds below the historical dollar value of the perpetual endowment. However, the Association must inform all available donors of endowment gifts made pursuant to gift instruments executed before September 17, 2010 to opt out of the new rule permitting institutions to appropriate below the historic dollar value of endowment funds. The donor may or may not permit this additional appropriation. If the donor is unavailable or does not stipulate within 90 days the Association may appropriate below the historical dollar value of the perpetual endowment if it is deemed prudent. As of both June 30, 2022 and 2021, the Association had restricted endowments of \$25,268, which are impacted by NYPMIFA.

NOTE J: ENDOWMENTS, Cont'd

Funds with deficiencies

From time to time, the fair value of assets associated with individual donor restricted endowment funds may fall below the level that the donor requires the Association to retain as a fund of perpetual duration. In accordance with accounting principles generally accepted in the United States of America, deficiencies of this nature are reported in unrestricted net assets. There were no such deficiencies as of June 30, 2022 and 2021.

Return Objectives and risk parameters

CURE Childhood Cancer Association, Inc. adopted investment and spending policies for endowment assets that attempt to create a stream of investment returns which treat equitably, in inflation adjusted terms, the present and future needs of the Association while seeking to maintain the purchasing power of the endowment assets. Under this policy, as approved by the Board of Directors, the endowment assets are invested in a manner that minimizes year-to-year volatility of the portfolio through broad diversification among the major asset classes as well as mitigating investment related expenses.

The Board Designated investment portfolio is expected to generate returns that are comparable to the returns in the capital markets. The investment goal of the Fund is to achieve a total return (income and appreciation) of 5% after inflation, over a full market cycle (3-5 years).

The Restricted Endowment investment portfolio is expected to generate returns that are comparable to the returns in the capital markets. The investment goal of the Fund is to achieve a total return (income and appreciation) of 4% after inflation, over a full market cycle (3-5 years).

Investment theory and historical capital market return data suggest that, over long periods of time, there is a relationship between the level of risk assumed and the level of return that can be expected in an investment program. In general, higher risk (i.e. volatility of return) is associated with higher return.

Given this relationship between risk and return, a fundamental step in determining the investment policy for the portfolio is the determination of an appropriate risk tolerance. The three primary factors that affect this determination are the financial ability to accept risk (specifically, dramatic negative short-term performance), the psychological ability to accept risk, and the long-term investment return requirements.

CURE CHILDHOOD CANCER ASSOCIATION, INC.

JUNE 30, 2022
(With Comparative Totals for June 30, 2021)

NOTE J: ENDOWMENTS, Cont'd

Strategies employed for achieving objectives

To satisfy its long-term rate-of-return objectives, the Association relies on a total return strategy which investments returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends). The Association recognizes that asset allocation is keyed to investment growth and that diversification across and within asset classes moderates risks. The specific investment asset classes included for investment, as well as their respective target allocations and ranges, are identified below:

<u>Board Designated Endowment:</u>		<u>Minimum</u>	<u>Maximum</u>
	<u>Asset Class</u>		
	Money Market Funds	3%	10%
	Equities	40%	80%
	Fixed income	10%	20%
<u>Restricted Endowment:</u>		<u>Minimum</u>	<u>Maximum</u>
	<u>Asset Class</u>		
	Money Market Funds	5%	20%
	Equities	40%	60%
	Fixed income	20%	55%

The Association has reviewed potential outcomes for the portfolios with these asset allocations and has determined the risk profile is prudent relative to the potential returns based on historical risk and return characteristics. Moreover, this allocation provides a reasonable opportunity for the Fund to meet the spending requirements, plus all related costs associated with management and maintenance of the Fund.

Spending policy and how the investment objectives relate to spending policy

The distributions from the Board Designated Endowment Fund are relatively consistent and predictable. The Association periodically reviews the effect of the spending policy and rate on the investment policies, to maintain, in real terms, the purchasing power of the Fund. For purposes of establishing the total return objective, the spending rate is up to 5% of the total market value of the Endowment Fund as of the last business day of the preceding year. The spending percentage is applied on the three-year average for the December market value. The dollar amount and timing of any distribution from the investment account will be left up to the discretion of the Board Chairperson and Treasurer.
